Dear Enterprise Renfrew County,

My name is Alexandra Conway, and this past summer I was a participant in the Summer Company Program. I worked very closely with Enterprise Renfrew County to create my own business called Let's Play Day Camp. Colleen Sadler and Kim Fraser were my program advisors, and without them, creating my business would not have been possible.

Throughout the four months that I spent creating and running my business, I found that Kim and Colleen went above and beyond to assist me in any way possible. I was in contact with Kim many times throughout each week, and she was never delayed in responding to my questions.

I found this program to be very beneficial to me. It gave me the opportunity to have a summer job, something that may not have been possible due to the location of where I live ( remote Barry's Bay). I gained many new skills from running my own business, and now that I have been my own boss once, I never want to go back! Later in life, I plan on opening my own life coaching business, and this gave me a taste of what it will be like to start up a business. I learned about time management, patience, finance and budgeting , and certainly a lot about dealing with people.

Overall, I am extremely glad that I decided to participate in this program. It was the best summer of my life, and I would definitely recommend it to all other young people! Thank you!

Alexandra Conway
