Dear Colleen,

On behalf of the Township of Greater Madawaska and its Broadband Outreach and Awareness Committee, thank you for taking part in the "Internet Showcase" held at the Community Centre in Calabogie on October 16th and 17th.

Your participation provided residents of our Township with much-needed, timely information on several important aspects related to the new high-speed Internet service currently being installed in our municipality. Greater Madawaska is the first township in Renfrew County to organize this type of event as part of a "Rural Connections" broadband expansion project. Your participation helped us to achieve our goal of increasing residents' awareness of the possibilities and pitfalls broadband service brings.

Based on the feedback from our survey of attendees, your involvement and presentation were very well received. The showcase was highly praised by all attending and several items were identified as meriting further exposure and discussion. We plan to follow up on these in the near future and to share our experience and conclusions with other locations who are involved in similar projects.

Your participation made a valuable contribution to the success of this exhibition. Your donation of time and expertise is greatly appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "Bruce Parker", with a long horizontal line extending to the right.

Bruce Parker
Broadband Project Manager
Township of Greater Madawaska
