To Whom It May Concern:

In response to your request for a reference for Enterprise Renfrew I am pleased to reply as follows:

Enterprise Renfrew is a valuable resource for teachers and students which enables teachers to meet a variety of curriculum goals. Enterprise Renfrew also helps students see the relevant applications of this curriculum knowledge covered in courses like English and Careers class. This service provides a wide variety of materials and presentations to assist students in gaining business knowledge and experience. Students are encouraged and motivated by the video presentations of positive role models in their age groups. They are also challenged and energized by the chance to participate in the program's contests.

Statistics show that many future jobs will be found in the field of entrepreneurship, so Enterprise Renfrew is an essential resource for young people investigating and looking for mentorship in this career area.

Yours sincerely,

Mrs. D.L. Adams
English Teacher
